There is quite a number of new people in Pikeville of late. The railroad and mineral interests have brought quite a number of very intelligent people temporarily to our place.

Mrs. J. W. M. Stewart has delivered two very interesting lectures before the Pikeville Epworth League. Mrs. Stewart seems to be determined to go through the world doing good.

News has reached here that W. R. Hopkins, of Virginia, Ky., shot and killed one Mr. Vance of McDowell county, Va. The parties had a previous row of words, and Hopkins claims that Vance began a quarrel again over the same affair in a drinking saloon, and that in self defense Hopkins was forced to kill Vance.

Dr. Williams and Jas. M. Price each have their new houses about completed.

D. J. Wheeler is about through working on his house.

It seems that Hon. F. A. Hopkins will be nominated for Congress this time, while he has not enough instructed votes to nominate him on the first ballot he has favorable delegates from Morgan, Pike, Montgomery and Elliot counties, and if he gets these votes he is a sure winner. We do not believe a better nomination could be made in our district. Hopkins is honest, industrious, fair-minded and able.

Ten cents will buy trial size of Ely's Cream Balm; enough to convince you that it is the greatest remedy for nasal catarrh or cold in the head. All size 25 cents. All druggists. We mention Ely Bros., 55 Warren St., New York.

153 Second Street, Albany, N. Y. Moore Ely Bros. I suffered greatly with catarrh and tried different remedies without effect. After using one bottle of your Cream Balm I found relief and I cannot praise too highly such a remedy.

EAST POINT.

Perhaps the one thing that most concerns our people just now, is the placing of our several local teachers for the incoming year.

It seems a pity to take the lovely boys and girls who have wrought under high physical pressure on the farm from early spring, and bundle them in hot boxes at this season. But the alternative of midwinter exposure in some of these game boxes is fearful to contemplate. How many hermits of trustees know what kind of water the little ones will drink. Unless ignorance is a good excuse in the Courts of Heaven there will be scores of trustees in hell for poisoning innocent children on food and water. The teacher that don't kick will go right along with the bad scores of trustees.

Our local teachers have the following assignments with possibly a few changes: Prof. Talbot and Miss Eds Webb will serve East Point. Miss Rhoda Hager, Hagerhill; Miss May Leslie, Little Lick; R. A. E. Leslie and Miss June Leslie, Pike county.

Mountain College at Paintsville has a most excellent faculty of teachers: Pres. J. B. Wheatley, assisted by Prof. N. W. B. Craft, Toke Wiley and Mrs. Sarah Hager, teacher of the hand and book-keeping to be supplied. Mrs. Hager has charge of manual dept.

Mrs. Burk died last week leaving husband and children to mourn an irreparable loss.

A very sad death is that of Watt Robinson, which occurred near Panther, W. Va. The body was brought here and laid to rest in a grave he had staked off eight years ago. His death resulted from a broken leg, suffered in a timber job.

George Adams will soon go to Pike or Leitch on a surveying corps. George has worked himself up to good scholarship and will doubtless be advanced rapidly.

Ned Blair sold a good pair of mules to Pike county men, at a handsome figure, and has bought young ones.

Henry Robinson is preparing to run a huckster wagon. He is a hustler and ought to do well.

Lewis Conley has returned from his work in Virginia.

Miss Mattie Rice will teach the Japan school. There is always a place for bright and industrious girls.

Mrs. Will Smith and children joined Hager Hill Sunday school Sunday. They are recently returned from Oka.

We have a nice little school, but our people do not fully appreciate the labors of our leaders in their constancy and efficiency. We are lucky in having such men as D. Mart Vager and H. B. Hoot to look after the little ones on Sunday.

Edgar Rice left with an engineering corps.

I am told that J. C. Mayo has given employment to about fifty young men in this county, which means near \$2000 per month in wages brought to this county.

All parties at East Point indebted to BROS. SANDY NEWS please hand amount to P. M. Moles.

Let us hear from Blaine and Mattie.

We were all greatly shocked to hear of the sudden death of W. S. Borders, who died of cholera in the P. I. June 8th. He was so noble and good and we all loved him, our hearts are bowed down with grief. It is hard to say "Thy will be done." Yet we know he knoweth best, and perhaps in the great eternal future we will understand.

Constance.

Just Across the River in West Virginia.

The minor of George Whit, Huntington, has been granted a pension of \$10 per month.

Huntington, W. Va., July 16.—Local people who recently received a patent on a device for throwing street car switches without the conductor or motorman leaving the car, sold their patent to-day to Pittsburg capitalists for \$14,000.

The trial of Ose R. Phipps, the Guyandotte negro, who shot to death Ed Swaney in front of Baxter's saloon at Huntington three weeks ago, resulted in a verdict of murder in the first degree. Judge Matthews has not yet passed sentence upon Phipps. Under the verdict the only punishment that can be inflicted will be imprisonment for life. The jury was out only an hour.

T. M. Carr, the contractor and builder of Huntington, has a contract to build Mr. Z. White of Williamson, W. Va., a \$7000.00 business house. The structure is to be four stories and to have all modern conveniences and when completed will compare favorably with the best business houses in that section of the state. Work on the building will be commenced on an early date and will be completed against cold weather.—Central City Chronicle.

Alex. Garrod, of Huntington, has the little steamer Sadie E. at Camden Park and will run half-hour excursions from that noted resort as long as the water in the river is favorable. The little steamer now runs up Twelvepole to the park and the ride is a delightful one.

Mrs. Fred Lettoli, wife of an artist who recently came from Cincinnati to Central City, W. Va., fell from a high porch while carrying her babe in her arms, and both were seriously injured.

Matthew, W. Va., July 19.—Charles K. Morrow and Miss Mattie Danube, while out for a walk in the outskirts of the town, the last night were fired on by some unknown person. Miss Danube is fatally injured, a bullet entering her left breast, completely penetrating her body. She is yet alive, but physicians entertain no hope of recovery. Morrow was shot twice, but his injuries are not serious, as both bullets penetrated his arm.

Immediately after the shooting Morrow was placed under arrest, but today was released, there being no evidence on which he could be held. The girl is unable to make any statement, but Morrow claims that the firing came from an ambush. Morrow is a buyer for a New York lumber firm and has headquarters at Williamson, this State.

As already announced, the BROS. SANDY NEWS has arranged for its subscribers to take part in a contest in which \$25,000 is to be paid to those who make the nearest correct estimates as to what the total vote of New York, Pennsylvania and Michigan will be in the races for Governor next November. Read our big advertisement and find out all about the plan. The vote of these states for several years past is given therein, so that all may be saved the trouble of looking the matter up.

SPECIAL OFFER.

It was first to allow an estimate only with each dollar paid on advance subscription, but we have now decided to allow an estimate with each \$2.00 paid on back subscription before Sep. 1st. Also, every subscriber who pays up or ahead and procures one or more estimates with same, may enter as many additional estimates as he desires at the rate of 50 cents for one estimate or \$1.00 for three.

Numbers on our premium offer which has been standing for some time will not be given with any payment that is accompanied by an estimate.

It is costing the News no small amount to furnish its subscribers with this great privilege and the terms prescribed will not be varied from in the least for any one.
